

STEP-BY-STEP GUIDE TO SET UP AN RSS FEED

You can now set up job feeds to stay up to date on open positions at DaVita based on your specified search criteria. DaVita job feeds can be placed on any RSS reader (ex: iGoogle, My Yahoo!, in your “Favorites” in the “Feeds” tab, etc.). You can also set up the job feed on your Facebook profile.

You can set up multiple job feeds with different search criteria (ex: different cities, different job functions, etc.). You can also share jobs with individual friends on Facebook, or with your entire Facebook network.

To set up your job feed you must enter search criteria into all of the fields that have RSS  and Facebook  logos.
